

Beach Lake Regional Park Master Plan Update

WHERE: Beach Lake is a Regional Park, located in the Chugiak area off South Birchwood Loop Road. The municipal park consists of 1,750 acres including 145 acres annexed in 2007, referred to as the NW1/4 Section 25.

WHAT: Given the growing population base and land use densities in the Chugiak-Eagle River area, the park is clearly a major asset, both in terms of preserving natural, scenic open space, but also as a land base for recreational activities. An update for the Beach Lake Regional Park Master Plan is needed to provide guidance for future recreational use and development, to include the NW 1/4 of Section 25.

WHO: Eagle River/Chugiak Parks, Recreation & Community Development hired consultants to provide site assessment, public involvement, and planning services. The team is led by Land Design North, and includes HDR for engineering and Agnew::Beck for public involvement support.

The project has a strong public involvement component, including Community Council presentations; public meetings; and ongoing input and involvement by park users, community members, and neighbors serving on a Beach Lake Park Master Plan Citizens Advisory Committee.

WHEN: The planning process began in 2009, and by mid-March 2010 a draft plan will be ready for public and ER/C Park Board review. Two important upcoming events for public input include:

Community Meeting #2: Alternatives

Tuesday, February 9th 2010, 6:00 - 8:30 pm
Eagle River Town Center, 12001 Business Blvd., Ste. 170

Final Community Meeting #3: Draft Plan

Tuesday, March 2nd, 2010, 6:00 - 8:30 pm
Eagle River Town Center, 12001 Business Blvd., Ste. 170

It's your plan ~ participate!
